

SAVE THE DATE – XXXVI Nordic NIR Meeting 2024

Clarion Hotel Helsinki, 1st to 3rd September 2024

We are pleased to inform you that the Finnish Association for Industrial Property Rights will host the 36th Nordic NIR Meeting in Helsinki from the 1st to the 3rd of September 2024.

This year's conference will address current and significant topics within the field of intellectual property law, with a focus on:

- Nordic perspectives on recent developments in IP law
- The relationship between AI and IP, including issues of creation and infringement
- Reflections of the UPC's first year from a Nordic viewpoint
- Nordic approaches to evidence considerations in IP trials

Alongside the main conference program, we will offer additional events such as a welcoming cocktail reception, a cultural program, which complement the professional discussions with opportunities for social interaction, and a gala dinner.

Please save these dates as we prepare to welcome you to an event filled with knowledge-sharing and networking opportunities. The official invitation letter and registration information will follow later in the spring.

We look forward to hosting you in Helsinki for an engaging and insightful conference.

Yours sincerely,

Mikael Segercrantz

President of the Finnish Association for Industrial Property Rights
